

# 通過 ISO 9001 品質認證

星歲專業的感應加熱設備製造廠：

- 最完善的設計、最高的效率，提供業者最低的生產成本。
- 高效諧振回路與智慧功率自動控制。
- 單一旋鈕無段調整控制電力。
- 三相電源採用開關式整流，全程保持高功率因素達95%以上。
- 全部邏輯及IC控制電路均安裝於防塵氣冷中。
- 高頻輸出變壓器，使工作件與主機間之電壓完全隔離。
- 單主機控制板，易於檢修。
- 超額定的容量設計，使主機機械均能滿載正常運轉。

## SHEEN WAY-SPECIALIZE IN INDUCTION MELTING AND HEATING QUIPMENTS :

- \*The best desing, the highest efficiency, and the lowest price.
- \*High efficient tunen inverted circuit and micro computer based automatic control.
- \*The control power can be continuously varied by one knob.
- \*SCRs are used to rectify the three phased power source, hence the power factor is higher than usual installation-95%
- \*All the logic and IC circuits are housed in dustproof and air-cooled cabinet.
- \*The voltage of working area (furnaces),land the main unit are separated by a high frequency output transformer.
- \*The control board is installed on a single board to fascilitate maintainence.
- \*The capacity is above the default value, so the main unit can operate smoothly even at full power.
